 [Aggie 100](#)

Over 650 people gathered in The Zone Club at Texas A&M University Friday to recognize the fastest-growing Aggie-owned businesses.

Ninety-six of the 100 companies were in attendance at the event, including more than 190 business representatives and 100 current students.

The Aggie 100 focuses on growth as an indicator of job creation, product acceptance and entrepreneurial vision. Recipients were selected based on compound annual revenue growth rate for the 2004 to 2006 period.

The Aggie 100 was created by Mays Business School's Center for New Ventures and Entrepreneurship (CNVE), whose mission is to provide encouragement, education, networking and assistance to students, faculty and Texas businesses.

The following are the recipients of the 2007 Aggie 100 award:
